The Student agrees that a condition of the contract is that he/she be duly enrolled in and attending NCK Tech. This Contract may be terminated only on the following conditions:

The College and Student, by mutual agreement, may terminate this contract if the student graduates or marries during the school year. The costs for the period of the Student's meal participation may be prorated.

In the event the College and Student cannot agree upon a prorated cost, or the contract is fully or partially terminated by the College for a violation of the terms of this Agreement or other college policy, the School shall consider that the Student is responsible for the cost of the contract to the last day of the fourth month following the date of termination. If the Student has paid for that period, no refund will be made. If the Student has not paid in advance the contractual amount for this period shall be due and owing.

NOTE: *Leaving on Internship does not release the student from the terms of this contract.*

The Student agrees this Contract may be terminated upon three days notice for failure of the Student to pay any Installment provided in this Contract on or before the due date. The giving of such notice does not release the Student from paying all the amounts due under this Contract. The College may reinstate this Agreement for good cause even though the three day notice has been given.
